LICENSE

This License Agreement between _____ herein referred to as "Licensee" and Sanpete County, a political subdivision of the State of Utah, herein referred to as "County" as entered into on the dates set forth below, WITNESSETH:

WHEREAS Licensee desires to undertake a certain use or operation within public roadway or right of way as follows (describe in detail the location and nature of the construction, use or operation with any necessary maps, diagrams or property descriptions):

AND WHEREAS the County desires to grant a license for said use or operation upon Licensee's compliance with certain terms and conditions:

NOW THEREFORE, it is agreed by the parties hereto as follows:

1. County hereby grants to licensee a license for the construction, use or operation as set forth in detail at the location designated.
2. Any excavation, construction, repair or use within the public right of way by licensee shall be accomplished and maintained in a substantial, reasonable and safe manner, with the surface cleaned up and restored as nearly as possible to the prior condition or better within a reasonable time, at Licensee's sole expense, and at all times subject to the inspection and approval of the County or its agent. Particular attention shall be given to any disturbance of the surface of the traveled way and appurtenances thereto for the safety of the traveling public, during and after construction, with all due regard and precaution for traffic warnings and protection.
3. Licensee shall indemnify and hold harmless County for any liability, loss, damage or injury to County, its employees or any third party arising out of any excavation, construction, repair, maintenance, use or operation by Licensee within the right of way. Licensee further agrees to provide a reasonable bond for satisfactory performance of the requirements herein upon demand by the County at any time prior to completion of the initial construction, cleanup and restoration.
4. It is understood and agreed by both parties that this license does not authorize or permit any impairment of any irrigation facility or drainage ditch, culvert, utility, or any other line, system or structure or other object within the public right of way in which there may be claimed a private interest by any third person.
5. There shall be no modification or change which requires additional use of the right of way without additional license in writing from the County. The County may cancel this license at any time, but only after due notice and hearing before the County Commission. This instrument shall constitute a proposal by the Licensee and shall become effective as a valid license only upon acceptance and approval of the County upon execution by the Chairman of the Board of County Commissioners.
