## **Mormon Pioneer National Heritage Area assists 30 projects in the past year**

The Mormon Pioneer National Heritage Area is making significant strides.

During the recently completed annual reporting period, the MPNHA granted \$235,000 for 30 projects, including the restoration of the Casino Star Theatre in Gunnison (\$25,000); the first phase of restoration of a Civilian Conservation Corp. and World War II POW camp in Salina (\$25,000); rehabilitation work on Miss Mary's Historic School in Salina (\$10,000); and restoration of Pierce Hall at Wasatch Academy (\$15,000).

During the year, the MPNHA worked with partners from both the public and private sectors including the Utah Division of State History, the Casino Star Theatre Foundation, the Miss Mary's Museum Committee, Salina City and Wasatch Academy supporters.

Along with these projects, the MPNHA published "Legends, Lore and True Tales in Mormon Country," a collection of stories about the lives and experiences of people who settled Sanpete County. The volume has been placed in libraries and book stores both in the heritage area and along the Wasatch Front.

Work continued on MPNHA's "Discovery Road" TV series with release of new episodes titled, "Wales and Outlaw Ways" and "Snow College Story."

In 2016, the MPNHA will help fund restoration of the historic Mt. Pleasant City Hall and Armory (\$5,000) along with providing continued funds (\$10,000) for the restoration of the historic administration building on the Wasatch Academy campus.

It will also provide funding for architectural work for the third phase of the Escalante Hole-in-the-Rock Heritage Center (\$5,000), for phase four of the Mt. Pleasant Equestrian Center (\$5,000) and to help develop a biking trail at the Jacob Hamblin Park in Kanab (\$5,000).

Additionally, work is already in progress on an episode of "Discovery Road" to celebrate the National Park Service's 100th anniversary.
